

Citizen's Guide To ReRoof Permit Fees

Issuance of each reroof permit: \$24.50

Issuance of each supplemental permit for which the original permit has not expired, been canceled, or finalized: \$7.50

Reroof permit fees will be based on the building valuation of each structure. The building valuation is the *monetary improvement in property value* for the proposed work.

Note: Detached garages are considered a separate structure.

Reroof permit fees are calculated by applying the building valuation to the Building Permit Fee Schedule at the bottom of this page.

For example:

The reroof permit fee for a proposed 2000 square foot roof with a valuation of \$2,050 is as follows:

<u>Building Valuation</u>	<u>Reroof Permit Fee</u>
\$2,050 rounds up to \$3,000	\$86.16 / SQ.
	SQ. = 100 Sq. Ft.
