CITY OF BELLFLOWER
"GROWING TOGETHER"

staff report

TO: Honorable Mayor and Members of the City Council

ATTENTION: Jeffrey L. Stewart, City Manager

FROM: Len Gorecki, Director of Public Works
Jerry Stock, City Engineer

SUBJECT: Consideration and possible action to authorize the Director of Public Works, or designee, to install red curb parking restrictions at 9865 Linden Street (C.E. #16-11).

DATE: September 12, 2016

EXECUTIVE SUMMARY

On August 16, 2016, the Public Safety Commission considered and subsequently recommended to the City Council the installation of red curb parking restrictions, pursuant to Bellflower Municipal Code ("BMC") Chapter 10.04. This action would approve and authorize the installation of approximately six feet of red curb parking restrictions at 9865 Linden Street.

RECOMMENDATION TO CITY COUNCIL

1) Authorize the Director of Public Works, or designee, to install the red curb parking restrictions at 9865 Linden Street; or

2) Alternatively, discuss and take other action related to this item.

FISCAL IMPACT

The estimated cost to install the on-street parking restrictions is $100.00. The required funds are budgeted within the current fiscal year budget.

DISCUSSION

The City is proposing to install approximately six feet (6') of red curb parking restrictions at 9865 Linden Street. The proposed red zone is indicated on the attached aerial photograph.

On August 3, 2016, the City Engineer sent letters to area residents notifying them of this intent and that this item would be brought before the Public Safety Commission at its August 16, 2016, meeting. To date the City has received one response in support of the proposed red curb.

The City recently received a request from the property owner that the City install an on-street disabled curb parking space. The property owner stated that vehicles parked just east of her drive approach impede vehicle egress. Based upon a sight visit the City Engineer confirmed that vehicles parked on the east side of the drive approach do impede vehicle ingress and egress. Therefore, rather than installing an on-street disabled curb parking space, the City Engineer recommends the installation of approximately six feet of red curb parking restrictions just east of the drive approach. This will facilitate easier access to the drive approach and will not reduce the parking supply.

SUBJECT: Notification of Pending Changes – Red Curb Parking Restrictions at 9865 Linden Street

Dear Resident/Property Owner:

This letter is to inform you of the proposed change described below.

The City is proposing to install approximately 6' of red curb parking restrictions at 9865 Linden Street. The proposed red zone is indicated on the attached aerial photograph.

This item will be discussed at the City of Bellflower's Public Safety Commission meeting on Tuesday, August 16, 2016. The meeting will be held at Bellflower City Hall in the City Council Chambers located at 16600 Civic Center Drive. The meeting will start at 7:00 p.m.

You are welcome to make your concerns known to the City prior to August 16, 2016 or by presenting them at the August 16th Public Safety meeting. Thank you in advance for your cooperation. If you have any questions, please feel free to contact me at (562) 804-1424, extension 2218.

Sincerely,

Gerald Stock, P.E.
City Engineer
